

**States, Commonwealths, and Municipalities with 100% Smokefree Laws in
Workplaces, Restaurants, or Bars
currently in effect as of July 5, 2010**

Local laws generally pave the way for state and commonwealth laws. The states and commonwealth listed below had, in many instances, a high percentage of the population covered by strong city and county laws before the state or commonwealth law was enacted. To see a complete list of these local laws, as well as summary totals of all 100% smokefree laws, please go to [Municipalities with Local 100% Smokefree Laws](#).

Note: The jurisdiction(s) affected by county-level laws vary widely. Look for a plus symbol (+) next to each county with a law that includes both incorporated and unincorporated areas. A county without a symbol means that the county law covers unincorporated areas only.

⁺Law pertains to both incorporated and unincorporated areas of county.

Note: The following state/territory laws have been passed by the legislature and signed by the governor but either are not yet in effect or are subject to a referendum vote:

- **South Dakota** enacted a 100% smokefree restaurant, bar, and gaming facilities law, which was scheduled to go into effect on July 1, 2009, but which has been suspended by a referendum placing the law on the ballot in November 2010, and which will not go into effect unless approved by the voters.
- **U.S. Virgin Islands** enacted a 100% smokefree law for all workplaces, restaurants, bars and gaming, which is scheduled to go into effect on May 10, 2011.

Only ordinances reviewed and analyzed by ANR Foundation staff using standardized criteria are included on these lists. Omission of a particular ordinance may be the result of differences of opinion in interpretation, or because staff have not yet analyzed the ordinance.
