

Chronological Table of U.S. Population Protected by 100% Smokefree State or Local Laws

Laws are listed by Effective Date of first 100% Smokefree Provision
July 5, 2010

Only municipalities and states with ordinances or laws that do not allow smoking in attached bars or separately ventilated rooms and do not have size exemptions are listed here.

Note: The jurisdiction(s) affected by County-level laws vary widely. Look for a plus symbol (+) next to each county with a law that includes *both* incorporated and unincorporated areas. A County without a symbol means that the county law covers unincorporated areas only.

| Municipality | State | 100% Smokefree Workplaces* | 100% Smokefree Restaurants** | 100% Smokefree Freestanding Bars | Smokefree Population |
|-------------------|-------|----------------------------|------------------------------|----------------------------------|----------------------|
| 1990: | | | | | |
| San Luis Obispo | CA | 5/20/2010 | 8/2/1990 | 8/2/1990 | 43,516 |

2007 Population Estimates provided by RPM Consulting, LLC using ESRI demographic data.

* Includes both public and private non-hospitality workplaces, including, but not limited to, offices, factories, and retail stores.

**Includes any attached bar in the restaurant.

+ Law applies to both incorporated cities and unincorporated areas of the county.

~ This municipality enacted an earlier 100% smokefree law **which was in effect for some portion of time, but which** was subsequently repealed, weakened, or postponed. The dates listed here are for the current 100% smokefree law.

^ Total population and percent of population with a 100% smokefree law in workplaces and/or restaurants and/or bars.

- **Puerto Rico**, a U.S. Commonwealth, enacted a 100% smokefree law for all workplaces, restaurants, bars and casinos, which went into effect on March 2, 2007.

- **Commonwealth of Northern Mariana Islands**, a U.S. Commonwealth, enacted a 100% smokefree law for all non-hospitality workplaces, which went into effect on September 29, 2009.
- **U.S. Virgin Islands**, a U.S. territory, enacted a 100% smokefree law for all workplaces, restaurants, bars and gaming, which is scheduled to go into effect on May 10, 2011.
- **South Dakota** enacted a 100% smokefree restaurant, bar, and gaming facilities law, which was scheduled to go into effect on July 1, 2009, but which has been suspended by a referendum placing the law on the ballot in November 2010, and which will not go into effect unless approved by the voters.

Altogether, there are 21,832 municipalities covered by either local or state 100% smokefree laws in at least one of the three main categories (workplaces, restaurants, and bars). Since some have 100% smokefree coverage in more than one category, ***the numbers are not mutually exclusive***. Due to the possibility of overlap, it can be confusing to understand what each of the figures on our lists mean. ***Please give us a call if you need help determining the population with a particular type of 100% provision, or a particular combination of 100% provisions.***
