

# Starting June 1st, we can all breathe a little easier.

That's when Summit County's restaurants and bars will be smoke-free.

Thanks to our elected officials. They listened to the people. Stood firm. And gave us smoke-free indoor air.

Over time, their actions will save hundreds of lives, protecting each one of us — patrons and employees alike — from the deadly toxins in secondhand smoke.

Will it take a few people a little while to change their habits? Sure.

But other places have found that compliance and public support grow steadily stronger the longer comprehensive smoke-free measures are in effect. Even among addicted smokers.

Summit County will too.

In the meantime, everyone, welcome to smoke-free Summit County. Where we enjoy the air inside our restaurants and bars along with the food and companionship we find there.

## Welcome to Smoke-free Summit County.

For more information about the new law,  
visit [www.smokefreesummit.org](http://www.smokefreesummit.org)

We thank you for your support.
