

Overview List – How many Smokefree Laws?

Since the 1970s, the nonsmokers' rights movement has made significant progress towards clean indoor air. As of July 5, 2010, there are 3,161 municipalities with laws in effect that restrict where smoking is allowed. A state, commonwealth, or local municipality can pass a Workplace*, Restaurant**, or Bar law, or any combination of the three. We hope that the following concise statements are helpful.

As of July 5, 2010:

Local Laws

- A total of **3,161** municipalities in the United States have local laws in effect that restrict where smoking is allowed.
- A total of **880** of these 3,161 municipalities have a 100% smokefree provision in effect at the local level – either in workplaces, **and/or** restaurants, **and/or** bars.
- There are **681** municipalities with a local law in effect that requires 100% smokefree workplaces.
- There are **693** municipalities with a local law in effect that requires 100% smokefree restaurants.
- There are **555** municipalities with a local law in effect that requires 100% smokefree bars.
- There are **405** municipalities with a local law in effect that requires workplaces, restaurants, **and** bars to be 100% smokefree.
- There are **496** municipalities with a local law in effect that requires **both** workplaces **and** restaurants to be 100% smokefree.
- There are **550** municipalities with a local law in effect that requires **both** restaurants **and** bars to be 100% smokefree.
- There are **1,840** municipalities with a local law in effect that restricts smoking in one or more outdoor areas, including **950** that restrict smoking near entrances, windows, and ventilation systems of enclosed places; **1,215** that restrict smoking in public outdoor places such as parks and beaches; **206** that prohibit smoking in all outdoor stadiums and other sports and entertainment venues, and **328** that restrict smoking in some areas within outdoor stadiums and other sports and entertainment venues.

Note: Since some of the above municipalities have 100% smokefree coverage in more than one category, *the numbers are not mutually exclusive.*

State and Local Laws

- Across the United States, **21,832** municipalities are covered by a 100% smokefree provision in workplaces, **and/or** restaurants, **and/or** bars, by **either** a state, commonwealth, or local law, representing **78.9%** of the US population.
