

Percent of U.S. State Populations Covered by 100% Smokefree Air Laws

January 2, 2012

This table lists the percent of each state's population covered by 100% smokefree air laws enacted by both the state (see *state* rows) and local municipalities (see *local* rows). Only ordinances and laws currently in effect are listed in the table.

Note: Only municipalities and states with ordinances or laws that do not allow smoking in attached bars or separately ventilated rooms and do not allow exemptions based on size, hours of operation, or age of admittance are listed here.

State	Type of Laws	% of state population with 100% smokefree non-hospitality workplace laws*	% of state population with 100% smokefree restaurant laws**	% of state population with 100% smokefree bar laws	% of state population with 100% smokefree non-hospitality workplace & restaurant & bar laws	% of state population with any 100% smokefree laws
Alabama	State	0%	0%	0%	0%	0%
	Local	8.0%	15.8%	6.7%	4.4%	16.3%
Alaska	State	0%	0%	0%	0%	0%

Percent of total U.S. population		62.9%	75.2%	64.5%	48.6%	79.7%

2007 Population Estimates provided by RPM Consulting, LLC using ESRI demographic data.

* Includes both public and private non-hospitality workplaces, including, but not limited to, offices, factories, and retail stores.

** Includes any attached bar in the restaurant.

- **Puerto Rico**, a U.S. Commonwealth, enacted a 100% smokefree law for all workplaces, restaurants, bars and casinos, which went into effect on 3/2/2007.
- **Commonwealth of Northern Mariana Islands**, a U.S. Commonwealth, enacted a 100% smokefree law for all non-hospitality workplaces, which went into effect on 9/29/2009.
- **American Samoa**, a U.S. territory, enacted a 100% smokefree restaurant law, which went into effect on 1/19/2011.
- **U.S. Virgin Islands**, a U.S. territory, enacted a 100% smokefree law for all workplaces, restaurants, bars and gaming, which went into effect on 2/1/2011.

Altogether, there are 21,884 municipalities covered by either local, state, or commonwealth 100% smokefree laws in at least one of the three main categories (non-hospitality, workplaces, restaurants, and bars). Since some have 100% smokefree coverage in more than one category, the numbers are not mutually exclusive. Due to the possibility of overlap, it can be confusing to understand what each of the figures on our lists mean. ***Please give us a call if you need help determining the population with a particular type of 100% provision, or a particular combination of 100% provisions.***
