

Smoking Law Status in Major U.S. Travel Destinations*July 5, 2010*

The following list provides the current status of the smoking laws with respect to restaurants, attached bars, freestanding bars, and hotel and motel rooms in more than 50 major business and vacation travel destinations in the United States. **Those destinations in blue indicate that restaurants, including attached bars, and/or freestanding bars must be 100% smokefree.** Call or write the local chamber of commerce or restaurant association to let them know either that you appreciate the location's smokefree law or that you are disappointed in the lack of a smokefree law. Several state laws are of particular significance. Arizona, California, Colorado, Connecticut, Delaware, Hawaii, Illinois, Iowa, Kansas, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Oregon, Rhode Island, Utah, Vermont, Washington, and Wisconsin require all restaurants and bars to be 100% smokefree. Florida, Idaho, Louisiana, and Nevada require all restaurants to be 100% smokefree. The following states require that at least a specified percentage of hotel and motel rooms be smokefree: Arizona (50%), Arkansas (in places with more than 25 units, 80%), California (35%), Colorado (75%), Connecticut (75%), Delaware (75%), Georgia (80%), Hawaii (80%), Illinois (75%), Iowa (80%), Kansas (80%), Louisiana (50%), Maryland (75%), Montana (65%), Nebraska (80%), New Jersey (80%), New Mexico (75%), North Carolina (80%), Ohio (80%), Oklahoma (75%), Oregon (75%), Pennsylvania (75%), Rhode Island (50%), Tennessee (75%), Washington (75%), and Wisconsin (100%).

NOTE: In South Dakota, a state law was enacted in March 2009 prohibiting smoking in restaurants and bars, which was scheduled to go into effect on July 1, 2009, but it has been suspended by a referendum placing the law on the ballot in November 2010.

Although many travel destinations still have weak smoking control laws, there is a growing national trend toward 100% smokefree laws for both restaurants and bars.
